Asian Americans are the fastest growing group in the U.S., and by 2040, the Asian American and Pacific Islander electorate will likely double to more than 12 million eligible voters. Through civic engagement, these trends could shape future American politics in powerful ways. Join panelists **Christine Chen**, Executive Director of APIAVote, **Vinh Ho**, Managing Attorney for the Civil Practice Clinics at Houston College of Law, and **Mustafa Tameez**, Founder and Managing Director of Outreach Strategists LLC, as they explore the avenues for the social empowerment of Asian Americans.
